

Blue Christmas

I'll have a blue Christmas without you
I'll be so blue just thinking about you
Decorations of red
On a green Christmas tree
Won't be the same dear,
If you're not here with me

And when those blue snowflakes start
fallin'
That's when those blue memories start
callin'
You'll be doin' all right,
With your Christmas of white
But I'll have a blue,
Blue, blue, blue Christmas

Instrument Solo

You'll be doin' all right,
With your Christmas of white
But I'll have a blue,
Blue, blue, blue Christmas
